

# LUMBAR CRADLE

## FLUIDIZED GEL CUSHION

MODEL # TH12LC

WITH AIR-FLO BREATHABLE FABRIC

### TRIGGER POINT THERAPY

The SKWOOSH™ Lumbar Cradle cushions uses a cutting edge Split Lumbar Design, TekPad Fluidized Gel and Air-Flo breathable fabric to provide users an innovative and therapeutic approach to correct spinal posture and lumbar support. Made up of two fluidized gel pods, the “gel comfort cradle” contours and cradle the back. Additional therapeutic support is provided by two rigid thoracic counter balance pads located above the gel pods for unparalleled support and comfort.

To enhance comfort, the SKWOOSH™ Lumbar Cradle uses patented TekPad fluidized gel. This fluidized gel flows at a controlled rate to provide maximum contouring, immersion and pressure relief. The gel flows with movement and maintains circulation while offering adaptive support in target areas. The unique and low profile design provides therapeutic comfort and relief in any position.

### DIMENSIONS

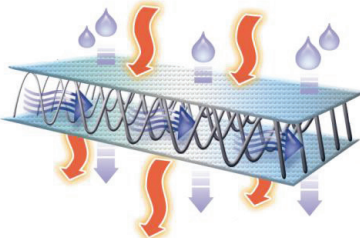

- Weight: 9 oz.
- Open dimensions: 14½”W x 12½”L x ¾”H
- Folded dimensions: 7¼”W x 12½”L x 1½”H

### Additional Care and Treatment

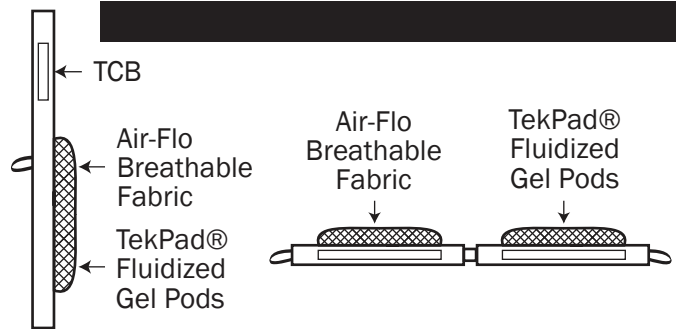

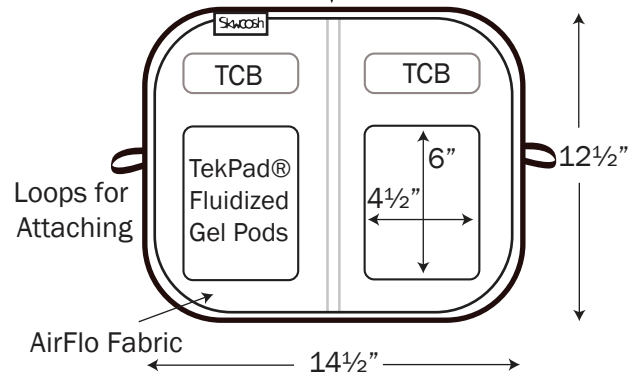

- For best results, smooth your SKWOOSH™ before each use
- Use in a variety of positions to provide relief or pain or fatigue
- Slim design allows for use while sleeping or lying in bed
- Fold and use as a pressure pad for trigger-point therapy
- Dependable & Durable - All welded construction
- Convenient - Includes 30" cord for attaching to seat back
- MADE IN USA - Guaranteed workmanship and performance

### AIR-FLO Breathable Fabric

This fabric has a unique three-dimensional, internal structure that allows it to breathe and control moisture. It's durable, lightweight and washable
