## MASTER ROW AGP FLUIDIZED GEL PAD MODEL# M3204-BLK (Black)

### ROWERS and SCULLERS

The SKWOOSH™ Master Row Pad is an advanced pressure relieving gel row pad that is designed specifically for serious rowers. AGP Technology enables the TekPad® Gel Packs to be welded directly under the ischial tuberosity, aka “sitz” bones located at the lowest part of the pelvis, which bears the weight of the body when sitting. Using a Master Row Pad helps maintain circulation and prevent numbness and discomfort in the legs and lower back, regardless of the amount of time spent rowing. This lightweight, low profile cushion fits standard row seats and is waterproof. SKWOOSH™ is the most trouble-free, comfortable gel cushion made in the USA.

### BENEFITS & FEATURES

- CUSHIONING - Patented TekPad® Gel cradles your “sitz” bones
- COMFORTABLE - Pressure relieving gel helps you row longer
- LOW PROFILE - Maintains torso distance and center of gravity
- NON-SKID BOTTOM - No glue or tape needed
- MAINTENANCE FREE - Functions in all temperatures
- LIGHTWEIGHT - Waterproof and floats
- FITS STANDARD ROW SEATS - Exactly
- DURABLE - High quality low-slip cover material
- MADE IN USA - Guarantee workmanship - guaranteed performance

### DIMENSIONS

- Weight: 7 oz.
- Dimensions: 12”W x 8”L x ½”H
- Colors: Available in Black, Pink, Red and Royal Blue

### How to use your SKWOOSH™

- Position in the center of your seat
- Adjust it forward and back so the gel packs are under your “sitz” bones
- Skwoosh around so the TekPad® gel gets used to your body shape
- Don't forget to empty your back pockets
