

COMMAND PILOT SEAT
FLUIDIZED GEL CUSHION
MODEL # CPAF6325

WITH AIR-FLO BREATHABLE FABRIC

Command Pilot Comfort for Professional Pilots

Fly the SKWOOSH™ Command Pilot Seat with AirFlo breathable fabric and experience the largest, most comfortable cushion in the SKWOOSH™ fleet. SKWOOSH™ fluidized gel cushions are more comfortable because they relieve pressure on the “sitz” bones to help maintain circulation, reduce numbness and lower back discomfort caused by prolonged sitting.

The Command Pilot Seat fits all aircraft seats, including those with a central harness attachment. It folds so it conveniently fits in most chart cases and carry-ons. The non-skid bottom makes SKWOOSH™ stay put, ensuring no movement during use. SKWOOSH™ cushions are made in the USA.

DIMENSIONS

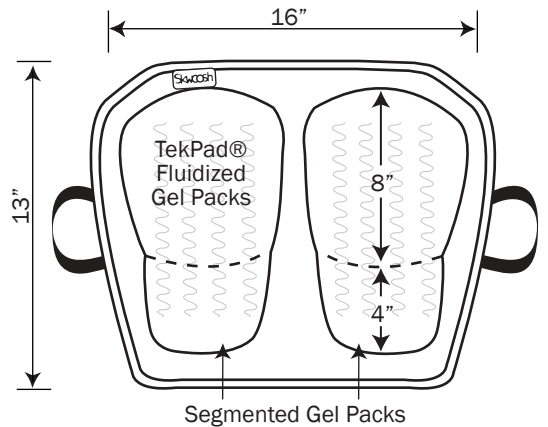

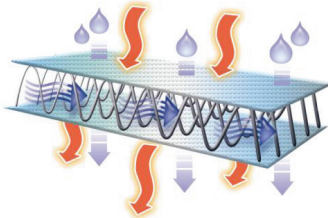

- Weight: 13 oz.
- Open dimensions: 16”W x 13”L x 1”H
- Folded dimensions: 8”W x 13”L x 2”H
