

**THERAPY**  
FLUIDIZED GEL CUSHION

MODEL # TH12AT

**FOR SITTING COMFORT**

The SKWOOSH™ Therapy cushion is the answer for pain relief and discomfort from sitting. This cushion is designed with a postural support system that supports anterior (AT) positioning for a posture enhancing 5% tilt. When combining postural support with TekPad fluidized gel technology and Air-Flo breathable fabric, there is no more comfortable way to sit. The controlled flow of the pressure relieving fluidized gel provides maximum contouring, immersion and pressure relief for the “sitz” bones, tailbone (coccyx) and soft tissue. The gel flows with movement so it maintains circulation while offering adaptive pressure relief and encouraging proper posture when seated.

The SKWOOSH™ Therapy cushion with an anterior tilt, was created in collaboration with Chiropractors and Therapists.

SKWOOSH™ cushions are made in the USA and guaranteed for performance and workmanship.

**DIMENSIONS**

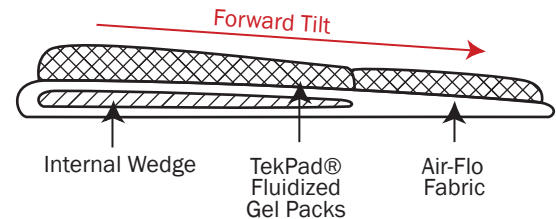

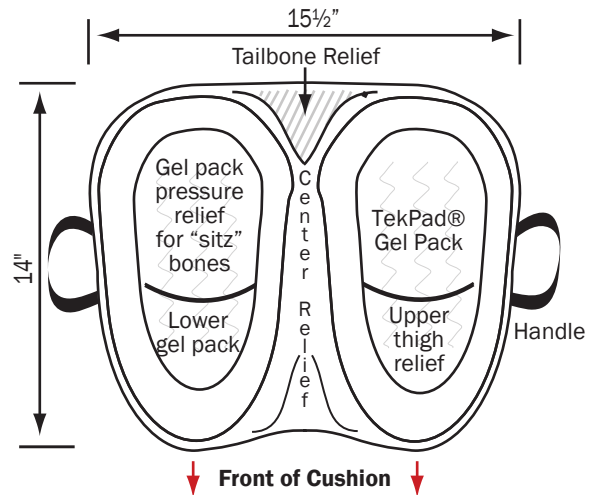

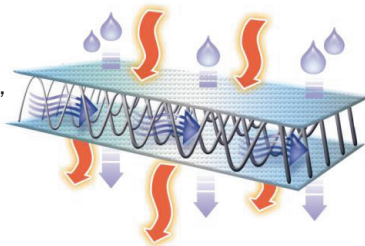

- Weight: 16 oz.
- Open dimensions: 15½”W x 14”L x 1”H
- Folded dimensions: 7½”W x 11”L x 2½”H

**How to use your SKWOOSH™**

- Position in the center of your seat
- Adjust it forward and back so the gel packs are under your “sitz” bones
- Skwoosh around so the TekPad® gel gets used to your body shape
- Don't forget to empty your back pockets

**AIR-FLO Breathable Fabric**

This fabric has a unique three-dimensional, internal structure that allows it to breathe and control moisture. It's durable, lightweight and washable
