

**FISHING SEAT
FLUIDIZED GEL PAD**

MODEL# FSP0216

FISHING ENTHUSIASTS

Upgrade your seating by adding pressure relieving comfort, tailbone relief and universal fit to your kayak fishing chair. This gel pad fits most frames and allows for any height or back tilt adjustments. This fishing chair pad comes with an attached elastic safety cord that slips around the back uprights, so it remains in your boat whether you're standing to reel in that big catch or spotting fish. The pad installs quickly and easily, no tools required, and can be left on the frame if the seat is folded.

HOW TO INSTALL: Your new pad comes with an elastic cord and a plastic barrel adjusting clip. Simply run the elastic cord around the base of the seat back, insert both ends of the cord into the barrel clip and pull both ends to tighten. Cut excess safety cord so that at least 1½" extends beyond the clip and melt the cord ends with a flame. Be careful not to damage the gel pad or your seat.

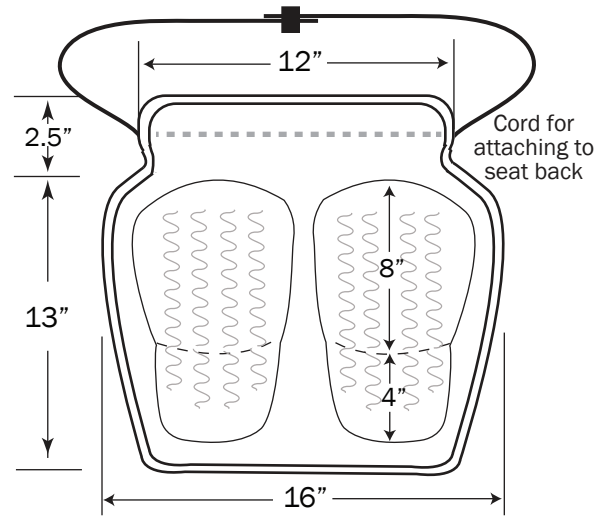

BENEFITS & FEATURES

- CUSHIONING - Fluidized gel cradles the "sitz" bones
- COMFORTABLE - Relieves tailbone pressure - FISH longer
- LOW PROFILE - Maintains center of gravity for better stability
- PORTABLE - Lightweight, compact, folds for storage

How to use your SKWOOSH™

- Position in the center of your seat
- Adjust it forward and back so the gel packs are under your "sitz" bones
- Skwoosh around so the TekPad® gel gets used to your body shape
- Don't forget to empty your back pockets
- For best results, smooth your SKWOOSH™ before each use
