

MOTORCYCLE

XL TOURING SHEEPSKIN FLUIDIZED GEL PAD

MODEL # XLSH0715

WITH NATURAL SHEEPSKIN

GEL COMFORT

PLUSH • NATURAL WOOL • TEMPERATURE CONTROL

Wool fiber is the natural way to add air circulation, temperature control and comfort for long or short rides. Natural sheepskin and SKWOOSH™ gel is the ultimate in comfort regardless of weather conditions. The sheepskin gel pad helps to control the effect of perspiration and provide warmth in cold weather. Natural wool and SKWOOSH™ gel relieve pressure for better circulation and relief from discomfort caused by long rides.

The Gel Pad insert features tailbone relief and fluidized gel packs for comfort and vibration dampening.

The XL fits the majority of touring bikes and needs NO air pump, NO height adjustment and NO Velcro®. Just enjoy your ride in plush comfort. Gel Insert MADE IN USA

Dimensions

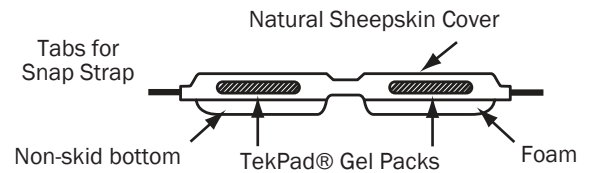

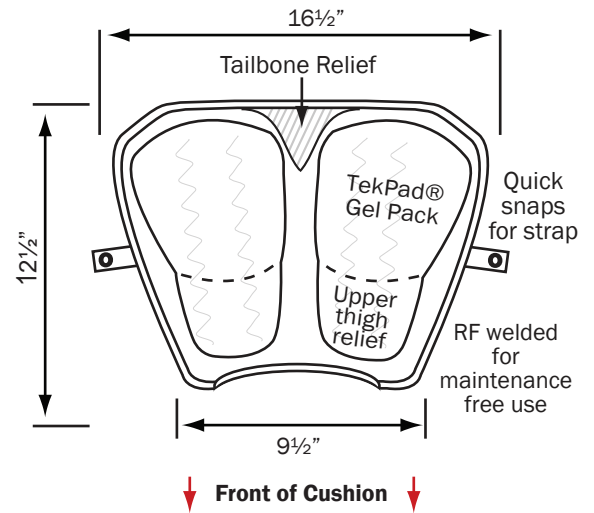

- Weight: 1 lb. 6 oz.
- Measurements: 16½"W x 12½"L x 2"H x 9½" Front

Benefits and features

- Natural sheepskin wool - Keeps the surface cool
- Tailbone relief - Internal module design reduces spinal compression
- Comfortable - Fluidized gel prevents numbness and discomfort
- Non-Skid Bottom - Anchors cushion to seat
- Easy Installation - Cruising SNAP STRAP included with cushion
- Internals Made in USA - Guaranteed workmanship and performance

How to use your SKWOOSH™

- Position in the center of your seat
- Adjust it forward and back so the gel packs are under your "sitz" bones
- Skwoosh around so the TekPad® gel gets used to your body shape
- Don't forget to empty your back pockets
- For best results, smooth your SKWOOSH™ before each use
